

Hard to believe that this is the last full week of August. Many kids have started back to school already, but ours start next Tuesday. Some are so excited to get back but then some just wish summer would go on for a while yet. The weather had certainly cooled down making it and the turning leaves seem more and more like fall.

On Labor Day Monday, join the girls of Finesse for a final Music at the Pond before the girls go back to school. It will start at noon at the Hiles Trap Range by the Mill Pond. Bring a dish to pass, and relax and listen to the music and enjoy the end of dinner with us.

And finally our condolences go out to the family of Joanne Votis who passed away last week. She is survived by her daughter, Debbie (Bruce) Johnson, Crandon; sons, William "Greek" (Jacki) Votis, Hiles; Robert "Ningo" (Sandy) Votis, Crandon; Thomas (Sherry) Votis, Hiles and their families. Her funeral is Tuesday August 27th.

Have a great week. Be sure to check back next week when I'll talk about some history of Hiles and the renovation of something that brings back memories for many.
