

# 2022 Hiles Vol. Fire Department & EMS Report

As we get going here in 2023 we wanted to reflect on 2022. As a department we saw a lot of changes over the past couple years but we are heading into 2023 with a positive outlook for our community and our department as a whole.

---

Below is a comparison of our calls from 2021 vs 2022

	Total 2021	Total 2022
Hiles South	9	20
Hiles North	11	18

---

In 2022 we added 4 new EMRs between both stations and 2 returning EMRs to the south station, we also added 5 new members to the fire department at the south department. Our rosters include 6 EMRS and 9 Fire Fighters at our North Station and 4 EMRs and 15 Fire fighters at our South Station.

In addition to new members, the department also purchased a boat for water rescues which will be set up and ready for the summer season.

We continue to be incredibly thankful for the support of our community and surrounding communities. A special thanks to Argonne Fire Department this past year for help with calls on our South End when the Pine Creek bridge was under construction.

Our Fire Department Fisheree is coming up on February 4, 2023, at the Town Hall and more info will be out closer to the summer for our Annual Trap Shoot. We want to also thank our Hiles Service Club for their help with our fundraisers in 2022, they are always willing to lend a hand and we appreciate them so much.

The North End Fire Station has a wood sale that goes on all summer which they use all profits for their station up there. So, if you are camping up in that area please check out their wood sales. Located on the corner of Babcock Rd and Butternut Lake Rd.

We hope you all have a healthy, fun, and safe 2023!

Hiles Vol. Fire Department

Matt Micolichuk – Interim Chief

Bill Prening – North End Battalion Chief
